

Investigator:	David Ready Phone: (404) 321-6111 ext. 7082 Email: David.Ready@va.gov
Primary Research Interest:	Psychology
Description of Research:	My research focuses on treatment outcomes for veterans suffering from Posttraumatic Disorder (PTSD) using exposure based treatments. This includes both group and individually administered therapy protocols.
Relevance to VA:	The focus of my research is the improvement of treatment outcomes for military-related Posttraumatic Stress Disorder. This is directly relevant to the mission of the VA.
