

Investigator:	Howa Yeung Phone: (404) 321-6111 ext. 311926 Email: howa.yeung@emory.edu
Primary Research Interest:	Dermatology
Description of Research:	I will leverage the HIV Atlanta Veterans Affairs Cohort Study to examine the incidence of skin cancers in HIV+ veterans
Relevance to VA:	Skin cancer imposes a high burden to veterans and Veterans Health Administration. My research focuses on optimizing the prevention, diagnosis, and treatment of skin cancers and actinic keratosis in veterans, particularly those with a history of immunosuppression such as HIV/AIDS.
