

Investigator:	Abeer Moanna Phone: (404) 321-6111 ext. 2093 Email: abeer.moanna@va.gov
Primary Research Interest:	Internal Medicine
Description of Research:	Zoster incidence in veterans and its trend over the years in addition to effect of zoster vaccine on its incidence. COVID-19 pandemics calls for research on COVID-10 prevention and treatment.
Relevance to VA:	My research involves zoster study in veterans (HIV positive and negative). Zoster incidence increases with age and VA has an aging population in addition to COVID-19 prevention and therapeutics.
